This manual contains important safety, assembly, operation and maintenance information. Please read and fully understand this manual before operation. Save this manual for future reference.
Scooter Safety Information

Scooters, like all wheeled vehicles, will provide safe, enjoyable transportation and recreation when used and maintained properly. Like bicycling, skateboarding, and in-line skating, riding a scooter can be dangerous even under the best of circumstances. We do not want you to get hurt. Please follow these safety rules.

This symbol is important. It is the WARNING symbol. The warning symbol precedes safety instructions. Make sure the child understands these instructions. Failure to follow these instructions may result in injury to the rider or to others, or damage to the product.

WARNING TO AVOID SERIOUS INJURY:

- Adult assembly is required.
- CHOKING HAZARD. Small parts. Not for children under 3 years.
- Adults must assist children in the initial adjustment procedures to unfold the scooter (if model is designed to fold), adjust handlebar and steering to height, and finally to fold the scooter.
- Adult supervision is required.
- Protective equipment should be worn.
- Battery replacement must be performed by an adult.
- This product should only be used by persons 3+ years. Maximum weight is 44 lbs (20kgs).
- Do not allow a child to ride without an approved helmet, with the chinstrap securely fastened.
- Ensure the child always wears safety equipment such as helmet, knee pads, elbow pads and shoes.
- Do not allow a child to ride wearing anything that obstructs visibility or hearing.
Scooter Safety Information - continued

• Do not allow a child to ride the product at dusk, at night or at times of limited visibility.
• Do not allow a child to ride on streets, roadways or alleys.
• Do not allow a child to ride on or near sloped driveways, hills, ditches, swimming pool areas, water, sand, gravel, dirt, leaves, or any other hazardous areas.
• Do not allow a child to ride near steps.
• For use on smooth paved surfaces only, away from motor vehicles.
• Avoid sharp bumps, drainage grates and sudden surface changes. Unit may suddenly stop.
• Never ride with more than one person.
• Watch out for pedestrians. Avoid excessive speed.
• Wet weather impairs traction and visibility.
• Obey all local traffic and scooter riding laws and regulations.
• Check the product before each ride to determine if any potentially hazardous parts or conditions have developed.
• Replace worn or broken parts immediately.
• Be sure the rider keeps both hands on the handlebar for proper control.
• Handlebar hand grip or tube end plugs should be replaced if damaged as bare tubes have been known to cause injury. All products with capped handlebar ends should be checked regularly to ensure that adequate protection for the ends of the handlebars are in place.
• Replacement forks must have the same rake and tube inner diameter as the original product.
• Ensure any accessories supplied are secure to the product and do not interfere with operation of the unit.
• The toy shall be used with caution, since it requires great skill, so as to avoid falls or collisions causing injury to the user and third parties.
• Ensure all locking devices are engaged before each ride.
• THIS PRODUCT DOES NOT HAVE A BRAKE.

If you have any questions regarding the operation of this product, please refer to this owners manual or contact customer service.
NOTE: See Torque Table for recommended torque.

REAR AXLE / WHEEL ASSEMBLY:
1. Install Rear Frame Caps 1 onto rear Frame 2 as shown (may be pre-installed).
2. Place one Wheel 3 onto Axle Bolt 5 with Spacer 20 between Wheel and Frame.
3. Slide the Axle Bolt through the rear of the Frame and Frame Caps as shown.
4. Place other Spacer 20 and Wheel 3 onto Axle Bolt.
5. Place a Washer 6 and Nut 7 onto the Axle Bolt.
6. Tighten Nut securely.

⚠️ WARNING: The nylon Locking Nuts 7 must be fully engaged on the thread to ensure wheels do not come loose from the axle.

FRONT HANDLEBAR / FORK ASSEMBLY:

Two Piece Handlebar Assembly:
1. Place the Handlebar 8 onto the Steering Tube 9.
2. Insert two Screws 10 through the holes in the Handlebar and the mating holes in the Stem Tube mount.
3. Place a Washer 11 and Nut 12 onto each screw.
4. Tighten the Nuts securely.

ATTACHING HANDLEBAR ASSEMBLY TO FORK TUBE:
1. Insert Fork Assembly 14 info Frame Tube B with Slot C facing to the rear. Make sure Neck Bushings A do not come lose.
2. Place large Washer 15 onto Fork Tube 14.
3. Slide Clamp Cover 16 and Clamp 17 up on Steering Tube 9.
4. Ensure handlebar assembly is facing forward and insert into Fork Tube:

⚠️ WARNING: Ensure that the Minimum Insertion Mark D on the stem tube is not visible - below the top of the Steerer Tube.

5. Align Handlebar with Fork assembly and tighten Clamp 17 Bolt securely.
6. Place Clamp Cover 16 over Clamp.
7. Install Handlebar Pad/Bag 21 (if equipped) by securing with Velcro or straps.

NOTE: Handlebar Bag weight limit 5 lbs (2.3 kgs).

Maintenance and Operation

Maintenance: The scooter does not require maintenance. However, the scooter should be checked periodically for any loose, broken, or worn parts. Tighten any parts that are loose, and replace any worn or broken parts immediately. Periodic cleaning will prolong the useful life of this scooter. Do not store outside or expose Lights and Sounds unit (if equipped) to water.

Operation: The scooter is operated by placing one foot on the deck and pushing with the other foot. The foot used to propel the scooter is also used to stop the scooter. Steering is accomplished by turning the handlebar.
**Torque Table**

**Recommended Torque:**
Use of a torque wrench is recommended. Recommended torque for each fastener is listed below. In addition to tightening to the recommended torque, please ensure the parts of the product are sufficiently tightened by performing the functional tests (in the component assembly sections of the owner’s manual) on each component as it is tightened.

**NOTE:** Please check that all fasteners on the product are torqued according to the table below:

<table>
<thead>
<tr>
<th>Fastener Size</th>
<th>Torque (ft-lb / N•m)</th>
</tr>
</thead>
<tbody>
<tr>
<td>.157 in (4 mm)</td>
<td>3.1 ft-lbs (4.2 N•m)</td>
</tr>
<tr>
<td>.196 in (5 mm)</td>
<td>5 ft-lbs (6.8 N•m)</td>
</tr>
<tr>
<td>.236 in (6 mm)</td>
<td>7 ft-lb (9.5 N•m)</td>
</tr>
<tr>
<td>.275 in (7 mm)</td>
<td>12 ft-lbs (16.3 N•m)</td>
</tr>
<tr>
<td>.314 in (8 mm)</td>
<td>17 ft-lbs (23 N•m)</td>
</tr>
<tr>
<td>.393 in (10 mm)</td>
<td>33 ft-lbs (44.7 N•m)</td>
</tr>
</tbody>
</table>

*How to Measure:*
Screw or bolt size is determined by the width at the THREADS as shown.
Limited Warranty

General:
• Part or model specifications are subject to change without notice.
• This Limited Warranty is the only warranty for this product. There are no other expressed or implied warranties.
• This Limited Warranty extends only to the original consumer and is not transferable to anyone else.
• Warranty registration is not required.
• The only uses for this product are described in this manual.

What does this Limited Warranty cover?
This Limited Warranty covers all parts of the product except those indicated below as not warranted.

What must you do to keep the Limited Warranty in effect?
This Limited Warranty is effective only if:
• Product is completely and correctly assembled.
• Product is used under normal conditions for its intended purpose (see the following section for excluded activities).
• Product receives all necessary maintenance and adjustments.
• Product is used for general transportation and recreational use only.

What is not covered by this Limited Warranty?
• This Limited Warranty does not cover normal wear and tear, normal maintenance items, or any damage, failure, or loss that is caused by improper assembly, maintenance, adjustment, storage, or use of the Product.

This Limited Warranty will be void if the unit is ever:
• Used in any competitive sport
• Used for stunt riding, jumping, aerobatics or similar activity
• Modified in any way
• Modified with the addition of a motor
• Ridden by more than one person at a time
• Rented, sold, or given away
• Used in a manner contrary to the instructions and warnings in this Owner's Manual

Huffy will not be liable for incidental or consequential loss or damage, due directly or indirectly from use of this product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you.

How do you report a problem with this product or submit a warranty claim?
• Contact Customer Service in Australia or New Zealand (See included list for Customer Contact information).
• Warranty claims can be submitted to:
  Hunter Products Pty Ltd - PH: 1800 224 094
  Email: enquiries@hunterproducts.com.au - Level 2, 424 Warrigal Road, Moorabbin, Victoria 3189 Australia.

What rights do you have?
• This Limited Warranty gives you specific legal rights. This Limited Warranty is in addition to other rights and remedies that a consumer may be entitled to under law with respect to this product.

The following text is incorporated into this Limited Warranty if this product was purchased in Australia (but it is not incorporated if such product was purchased in New Zealand):
• Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

What will Huffy do?
Huffy will replace, without charge to you, the component found to be defective by Huffy.

What rights do you have?
This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

The scooter and its component parts are under warranty to be free from faulty materials and workmanship from the date of the original purchase as follows:
• Frame/Fork: six months
• Electronics: 90 days
• Wheels: 90 days
• All other parts- six months
• All parts are subject to the Conditions of Warranty below.
WARNING:
ALWAYS WEAR YOUR HELMET WHEN RIDING THIS PRODUCT!

- Helmet should sit level on your head and low on your forehead
- Adjust the strap sliders below the ear on both sides.
- Buckle the chin strap. Adjust strap until it is snug.
- No more than two fingers should fit between the strap and your chin.
- A proper fitting helmet should be comfortable and not rock forward/backward or side to side.
- Always read the user manual that comes with your helmet to make sure it is fitted and attached properly to the wearer’s head according to the fitting instructions described in the user manual.
